Reference is made to the Company's dividend policy as adopted by the Company's annual general meeting in 2025, which is made available at the Company's website at [Investors Relations - Wallenius Wilhelmsen](#) under the heading "Dividends".

In order to ensure flexibility in the Company's implementation of the dividend policy, the board of directors proposes that the general meeting grants the board an authorisation to resolve the distribution of dividends on the basis of the annual accounts for 2025 in accordance with section 8-2 (2) of the Norwegian Public Limited Liability Companies Act.

The guidelines for salary and other remuneration to leading personnel in Wallenius Wilhelmsen were approved by the annual general meeting in 2025. The board of directors has made material changes to the guidelines, and the guidelines are thus subject to consideration and re-approval by the general meeting in accordance with Section 6-16a (5) of the Norwegian Public Limited Liability Companies Act. The statement is not subject to the general meeting's vote.

9. Approval of the fee to the Company's auditor

The board of directors proposes that the auditor's fee to Ernst & Young AS for the financial year 2025 of NOK 2,465,000 for the audit of the financial statements of Wallenius Wilhelmsen ASA and NOK 205,000 for the limited assurance of the sustainability statements is approved.

14. Determination on the remuneration to the members of the people, culture and remuneration committee

Reference is made to the nomination committee's proposal which will be made available on the Company's website www.walleniuswilhelmsen.com prior to the general meeting.

15. Authorisation to the board of directors to acquire shares in the company

The company has implemented a long-term incentive scheme for the executive management of the company to be resolved upon as part of the remuneration to leading personnel under Item 6 herein. The purpose of the long-term incentive scheme is to further align the interest of the executive management with shareholders and to ensure long-term value creation through awarding shares based on performance. The scheme would require the company to acquire shares in the market for this purpose, estimated to amount to maximum 500,000 shares or 0.118% of the share capital per annum.

Additionally, the company would like to have a general authorisation to enable the acquisition of its own shares as an alternative to, or complement with, dividends in order to optimise capital planning in the company.

On this background, the board of directors proposes that the general meeting grants the board of directors an authorisation to acquire shares in the company for these purposes, with a nominal value of up to NOK 22,001,456, equal to 10% of the current share capital.

The board of directors proposes that the general meeting adopts the following resolution:

- a) *Pursuant to Section 9-4 of the Norwegian Public Limited Liability Companies Act, the board of directors is granted an authorisation to, on behalf of the company, acquire own shares with a total nominal value of up to NOK 22,001,456 which equals 10% of the current share capital.*
- b) *The maximum amount to be paid for each share is NOK 300 and the minimum amount is NOK 0.52.*
- c) *Acquisition and sale of own shares may take place in any way the board of directors finds appropriate, however, not by way of subscription.*
- d) *The authorisation is valid until the Company's annual general meeting in 2027, but no longer than 30 June 2027.*

16. Authorisation to the board of directors to increase the share capital

To give the board of directors financial flexibility and enable quick access to the market in the event of an acquisition using shares as payment or for general corporate purposes, the board of directors propose that it is given an authorisation to increase the Company's share capital.

The board of directors propose that the size of the authorisation shall correspond to 10% of the Company's current share capital.

To exercise the authorisation in the best possible manner commercially, it may be relevant in certain situations to make a private placement of shares to certain named persons and/or enterprises. It may also be appropriate to use the authorisation in the event of acquisition of business/assets in return for shares. It is therefore also proposed that the board of directors is authorised to deviate from the shareholders' preferential rights when using the authorisation.

The board of directors propose that the general meeting adopts the following resolution:

- a) *Pursuant to Section 10-14 of the Norwegian Public Limited Liability Companies Act, the board of directors is granted an authorisation to increase the share capital by up to 10% of the share capital of the Company, i.e., up to NOK 22,001,456.*
- b) *The shareholders' preferential right to the new shares pursuant to Section 10-4 of the Norwegian Public Limited Liability Companies Act may be deviated from.*
- c) *The authorisation may comprise share capital increases against contribution in kind, cf. Section 10-2 of the Norwegian Public Limited Liability Companies Act.*
- d) *The authorisation may comprise share capital increases in connection with mergers pursuant to Section 13-5 of the Norwegian Public Limited Liability Companies Act.*
- e) *From the time of registration of this authorisation in the Norwegian Register of Business Enterprises, this authorisation shall replace the authorisation to increase the share capital granted to the board of directors at the annual general meeting held on 29 April 2025*
- f) *The authorisation is valid until the Company's annual general meeting in 2027, but no longer than 30 June 2027.*
